

Sure-Grip Avanti plate

Sure-Grip brings you the next generation in plate design, the Avanti. Offered in both Magnesium and Aluminum, this 10 degree double action plate is built to last. With our exclusive use of magnesium in plate construction, we've crafted a sleek hollow design to give skaters performance and durability without sacrificing lightness.

We've made mounting easy by including four mounting holes in the front of the plate to aid in mounting different boot types. Mounting hardware included.

The Avanti Magnesium Plate includes a newly designed precision adjustable pivot truck that can withstand the intensity while giving you balance and durability. The truck and plate are powder coated with a white finish. The Avanti polished Aluminum Plate includes a standard fixed pivot double action truck with a polished aluminum finish. Both trucks will include black axle nuts and four standard and four conical cushions 85A hardness.

Magnesium alloy plate (white plate) is roughly 48% lighter than the aluminum version (Aluminum plate).

Specifications:

*Weights are measured as one (1) plate with kingpins, pivot inserts, and toe stop screws.

| Size | Avanti Mg (g) | Avanti Al (g) | Axle distance (mm) |
|------|---------------|---------------|--------------------|
| 1 | 238 | 330 | 118 |
| 2 | 243 | 337.5 | 128 |
| 3 | 248 | 345 | 138 |
| 4 | 253 | 352.5 | 148 |
| 5 | 258 | 360 | 158 |
| 6 | 263 | 367.5 | 168 |
| 7 | 268 | 375 | 178 |
| 8 | 273 | 382.5 | 188 |
| 9 | 278 | 390 | 198 |

*Weights and wheelbases may vary due to inherent variability in the manufacturing process.

Recommended plate size chart

| Boot Size | Plate Size |
|-----------|------------|
| 2,3 | 1 |
| 4 | 2 |
| 5 | 3 |
| 6,7 | 4 |
| 8 | 5 |
| 9,10 | 6 |
| 11 | 7 |
| 12 | 8 |
| 13,14 | 9 |

* To be used as a guide when ordering plates to fit desired boot.
