

# HIDEOUT™

## Base Color Waterborne Intense White

- Provides excellent base for Ultra-Clear™ or Traction®
- Quick-leveling, low-foam formula excellent for roller application
- Complete hide in 1-2 coats
- Excellent compatibility with Roll-on®, Ultra-Clear™, Traction®, Crimp Coat™, and most latex enamels
- Low-odor, non-flammable, water-based
- Easy water clean-up
- High-gloss finish

**CAUTION:** Hideout™ is a pre-coating designed as a laminate in Traction® Skate Floor Coating systems and should never be subjected to foot traffic or skated on without completing approved top coatings.

**DIRECTIONS:** Refer to Hideout™ brochure for complete preparations and application instructions.

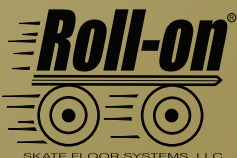

Although thorough screening may be sufficient, an approved primer or laminate coating should be applied to previously coated surfaces. We recommend Crimp Coat™ Laminating Primer.

1. For newly installed floors, follow manufacturers recommendations for approved primers and sealers before application.
2. Application by roller or airless sprayer is recommended.  
For rolling instructions, see Hideout™ brochure for details and procedures.
3. Coverage averages 800 square feet per gallon.
4. One hour dry time, recoat in two hours.
5. After 4 hours drying, sanding or light screening recommended
6. Apply Circles and Lines using recommended acrylic latex enamels.
7. Clean up with soap and water.
8. Protect from freezing.

### Properties

Density – 10.2 lbs/gal  
Viscosity – 2000 – 4000 cP (Brookfield)  
Solids – 44 – 46%  
TiO<sub>2</sub> – 17%  
Coverage – 800 sq. ft./gal  
Dry Time – 1 hour  
Recoat Time – 2 hours  
VOC – 150 g/L  
Meets Strict Clean Air Requirements: VOC (minus water) < 340 grams/liter.  
Classification: Architectural Floor Coating.  
Thinning Instructions: Do not thin.

Meets Strict Clean Air Requirements: VOC (minus water) < 340 grams/liter.  
Classification: Industrial Maintenance Coating. Thinning Instructions: Do not thin.
